CHAIRMAN'S STATEMENT

It gives me great pleasure to present the Annual Report of the Company for the financial year ended 31 July 2007.

INDUSTRY TRENDS & DEVELOPMENT

Operators in the apparel industry in Malaysia are largely contract manufacturers. They are gradually facing the full impact of competition from lower cost producing countries like China, Vietnam and India. On the other hand, G.A. Blue Group is primarily a marketing entity focused on brand building and management and is not affected by such competition. The denim product sub-sector is presently facing a market consolidation with several brands in the industry experiencing weakening sales. This has created an opportunity for other brands to fill this vacuum or reposition their brand for maximum effect. The Group with its range of brands sees this as an opportunity to increase its market share in future. The overall industry remains stable but competitive with the entry of numerous designer brands in the upper market segment in recent years.

FINANCIAL RESULTS

The performance of the apparel industry remains largely flat for the past year as compared to the previous year. However, the Group has managed to improve its revenue mainly through an acquisition of an established brand resulting in a bigger share of the local denim market as well as higher export sales achieved. Consolidated revenue increased to RM59.2 million from RM49.9 million achieved for the previous year. Profit before tax, however, dropped to RM5.0 million which is lower than previous year of RM5.9 million by 15.2%. This drop was attributable to lower gross margin and higher marketing expenses incurred overseas. Profit after tax attributable to shareholders achieved was RM4.5 million as compared to RM4.1 million.

DIVIDENDS

A first and final dividend of 4% less tax for the previous year ended 31 July 2006 amounting to RM1,825,000 had been paid on 26 February 2007.

In view of recent business acquisitions and the need to conserve funds for future expansion, the Board has decided not to recommend the payment of a dividend for the reported financial year.

REVIEW OF OPERATIONS

Trading and distribution

Local sales for apparels saw a slight increase of about 18% to RM40.6 million. Sales have improved due to higher contribution from sub-contracting and procurement business. Retail and wholesale business have been slightly affected by weaker consumer demand for apparels and related products. This was the result of higher oil prices which has reduced purchasing power of consumers on non-essential goods. Proactive measures have been taken to increase market share through more structured marketing strategies. In addition, the Group had acquired the Edwin label in February 2007 which is an established brand of jeanswear well-recognised in the local market. In view of the brand's strong market presence, this acquisition will contribute positively to sales and profit in the next financial year.

"UGP Underground Products" which produces and markets extreme sports and surf wear was acquired from a United States corporation with the intention to break into the competitive United States. Various marketing and promotion activities have taken place including participation in international trade shows and sponsorships of riders and participants in competition and events to increase the profile of the brand. We are also in the process of engaging a public relations firm to enhance our promotion campaign to include image building, product previews and media promotion. We hope for increase in contribution from this division in the future as a result of such activities.

CHAIRMAN'S STATEMENT (cont'd)

Our export into the United Kingdom market continues to grow with a jump of 72% in sales to RM9.0 million achieved for the financial year. The 3 main brands of Laura Lees, Peoples' Market and Dexter Wong, which feature trendy fashion wear, are well received by buyers in Europe due to their up to date designs following closely United Kingdom trendsetters' tastes and high quality product. In October 2007, People's Market has been voted as the most favourite new brand in a poll undertaken by a fashion weekly among young fashion retailers in the United Kingdom. This will augur well for the brand with higher demand expected for the new collections to be launched in 2008. We have participated in popular trade shows to showcase our products which had contributed to the growth. We anticipate further growth in this division in the current financial year.

Manufacturing and Finishing

The sewing plant and specialised treatment and finishing division which produces products for our in-house brands, achieved sales of RM8.1 million which is a drop of 16% from the previous year. Pre-tax profit shows a corresponding drop to RM1.1 million for the division as compared to RM1.7 million achieved for the previous year. This division supports the Group on certain regular and niche products only and is not expected to be a growth area in the future. However various operational strategies will be put in place this year to improve production efficiency and reduce costs.

PROSPECTS

The local economy is anticipated to strengthen marginally with a forecast growth rate of 6.5% in 2008. Bank Negara Malaysia in its Economic Report 2007/2008 released in September 2007 has mentioned that domestic demand will be the main driver of the economy for 2008. Higher tourists arrivals and the launch of growth corridors by the federal government (IDR, NCER and ECER) will contribute towards stronger domestic consumer spending in one way or another.

In line with our brand building philosophy, the Group's emphasis for the year will be on strengthening its advertising and promotion activities. This will be undertaken with a more structured and innovative approach so as to be more effective in enhancing consumer awareness. We are also improving our processes in order to be more customer driven. We will also place emphasis on better product innovation and the set up of a more comprehensive and effective supply chain structure.

In view of these various efforts taken to streamline our operations, we expect satisfactory growth for the Group in its local and export divisions. Overall, barring unforeseen circumstances, the Group expects results to improve in the current financial year.

APPRECIATION

On behalf of the Board, I would like to extend our sincere thanks to our business associates and customers for their confidence and support. The Board would also like to thank the management and staff for their continued dedication and commitment to the Group.

STATEMENT ON CORPORATE GOVERNANCE

The Board of Directors acknowledges the importance of maintaining good corporate governance within the Group to safeguard the interest of its shareholders and is pleased to provide the following statement on how the Company has applied the Principles of Corporate Governance set out in Part 1 of the Malaysian Code on Corporate Governance as revised on 1 October 2007 ("the Code")

SECTION 1 : DIRECTORS

BOARD RESPONSIBILITIES

The Board is responsible to guide and monitor the affairs of the Group on behalf of the shareholders to retain full and effective control over the Group. This includes without limitation, the review of the strategic direction for the Group, overseeing the business operations of the Group, and evaluating whether these are being properly managed.

The Board assumes the following responsibilities to facilitate the discharge of their stewardship responsibilities:-

- Reviewing and adopting a strategic plan for the Company;
- Overseeing the conduct of the Company's business to evaluate whether the business is being properly managed and the statutory requirements are being complied;
- Identifying principal risks and ensuring the implementation of appropriate systems to manage these risks;
- Succession planning, including appointing, training, fixing the compensation of and where appropriate, replacing senior management;
- Developing and implementing an investor relations programme or shareholder communications policy for the company; and
- Ensuring the adequacy of the management information and internal control systems, including systems for compliance with applicable laws, regulations, rules, directives and guidelines in the Group.

The combination of Executive Directors, who with their intimate knowledge of the business takes on primary responsibility for leadership of the company with the Non-Executive Directors, provide a broader view to the Company's activities and a balanced perspective.

The Board meets on a scheduled basis once in every quarter to primarily discuss the financial statements, corporate and strategic issues, performance of business units and factors relating to potential risk in the business of the Group. STATEMENT ON CORPORATE GOVERNANCE (cont'd)

BOARD BALANCE

The Board composition comprises of five (5) members with Mr. Kan Ah Chun at the helm as Executive Chairman. Three of the Directors are Executive Directors, while the remaining two are Independent Non-Executive Directors.

The composition of the Board is deemed fairly balanced to complement the Board in providing industry-specific knowledge, technical, and commercial experience. This balance enables the Board to provide clear and effective leadership to the Company and to bring informed and independent judgment to various aspects of the Company's strategies and performance.

The structure of the Board fairly reflects the investment of the minority shareholders through Board representation.

Mr. Loh Chye Teik, Chairman of the Audit Committee has professional accounting and audit background to continuously provide inputs for check and balance. He also reviews the internal control system, risk management system and published financial reports.

He has also been identified as the Independent Non-Executive Director, with the assistance of the Company's Corporate Division personnel, to whom concerns of shareholders, management or other matters concerning the Group may be conveyed.

SUPPLY OF INFORMATION

All notices of meetings together with the agenda and discussion papers are served on the Directors in advance of meeting dates. Ample opportunities have been provided to the Directors to make enquiries and to obtain information and explanation on any issue at any time within the Group whether as a full Board or in their individual capacity in furtherance of their duties.

The availability of the Company Secretaries, financial and legal officers within the Group as well as the engagement of panel lawyers enables the Directors to have easy access to their advice and services. They may take independent advice, at the Company's expense, if so required.

APPOINTMENTS TO THE BOARD

The Nomination Committee was established on 3 December 2003 and comprises of the following Directors:-

- Mr. Loh Chye Teik, Independent Non-Executive Director (Chairman)
- En. Saffie Bin Bakar, Independent Non-Executive Director (Member)

The Nomination Committee was established with defined terms of reference to assist them in discharging their duties. As no new appointment has been made to the Board since the company commenced operations, there was no necessity for the Committee to discharge its duties. However, the Nomination Committee met once during the year to review the performance of the Directors seeking re-election at the forthcoming AGM.

STATEMENT ON CORPORATE GOVERNANCE (cont'd)

SECTION 3 : SHAREHOLDERS

DIALOGUE BETWEEN THE COMPANY AND INVESTORS

The Company values dialogue with investors as a means of effective communication that enables the Board and management to convey information about the Group's performance, corporate strategy and other matters affecting shareholders' interest.

Information of the Group could be obtained from the Company's website at www.ga-blue.com In addition, the latest annual report available in PDF format can be downloaded and printed. Quarterly announcement are also available at the website of Bursa Malaysia at www.bursamalaysia.com after announcement to the public.

ANNUAL GENERAL MEETING ("AGM")

The AGM is the principal forum for dialogue with shareholders. Notice of AGM and annual reports are sent out to the shareholders at least 21 days before the date of the meeting.

The Company provides ample opportunity for shareholders to raise questions pertaining to the business activities of the Group. All the directors are available to provide responses to questions from the shareholders during these meetings.

Special business items are included in the notice of the meeting with sufficient explanatory notes to facilitate full understanding and evaluation of the issues involved.

SECTION 4 : ACCOUNTABILITY AND AUDIT

FINANCIAL REPORTING

The Directors provides a balanced and meaningful assessment of the Group's position and prospects through the annual financial statements and quarterly announcements of results to the shareholders. The Audit Committee of the Board assists by scrutinising the information to be disclosed to ensure accuracy and adequacy.

STATEMENT ON CORPORATE GOVERNANCE (cont'd)

INTERNAL CONTROL

In line with the requirement of the Bursa Malaysia, a statement on the Group's Internal control statement is set out on pages 14 to 15.

RELATIONSHIP WITH AUDITORS

The Group has, through the Audit Committee, established a transparent and appropriate relationship with the Group's external auditors. A report of the Audit Committee and their terms of reference is included on pages 16 to 19. In addition, the Chairman of the Audit Committee has met with the external auditors without the presence of other Executive Board members once during the year.

SECTION 5 : STATEMENT OF DIRECTORS' RESPONSIBILITY IN RELATION TO THE FINANCIAL STATEMENTS

The financial statements of the Group as set out in this Report are properly drawn up so as to give a true and fair view of the state of affairs of the Group and of the Company as at 31 July 2007 and of the results of its operations and cash flows for that year then ended.

The Directors consider that in preparing the financial statements:-

- The Group has used appropriate accounting policies and are consistently applied;
- Reasonable and prudent judgements and estimates were made; and
- All applicable approved accounting standards in Malaysia have been followed.

The Directors are responsible to ensure that the Company maintains accounting records that discloses with reasonable accuracy, the financial position of the Group and the Company, and that the financial statements comply with the Companies Act, 1965.

The Directors have general responsibilities for taking such steps that are reasonably available to them to safeguard the assets of the Group, and to prevent and detect fraud and other irregularities.

SECTION 6 : COMPLIANCE STATEMENT

Save as disclosed below, the Group has complied with the Best Practices set out in Part 2 of the Code throughout the financial year :

- The Code recommends that all members of the Audit Committee be comprised of non-executive directors. The Board is in the process of selecting a suitable candidate to be appointed to comply with this section referring to the composition of the Audit Committee.
- The Code recommends that the Audit Committee should meet with the external auditors without the executive board members present at least twice a year. As the Code was revised on 1 October 2007, the Company has only met with the external auditors once in the financial year ended 31 July 2007.

STATEMENT ON INTERNAL CONTROL

The Board of Directors acknowledged their responsibility for the Group's system of internal control and for reviewing its adequacy and integrity. Because of the limitations that are inherent in any system of internal control, this system is designed to manage, rather than eliminate the risk of failure to achieve corporate objective. Accordingly, it can only provide reasonable but not absolute assurance against material misstatement or loss. The system of internal control covers, inter alia, risk management and financial, organizational, operational and compliance control.

The key process that have been established by the Board in reviewing the adequacy and integrity of the system, of internal controls include the following:

The Risk Management Committee ("RMC") was established to assist the Board to oversee the overall management of principal areas of risk and to provide guidance to all business units on Risk Policy and Procedures. In discharging its duties, the Risk Management Committee is assisted by Risk Management Unit ("RMU") comprising of active subsidiaries of the Group which has been set-up to ensure that an ongoing process for identifying, evaluating, monitoring and managing the risk affecting the Group are in place.

The RMU has taken on the task of reviewing all existing high and significant residual risks of the Group, the proposed actions and controls in place. Ongoing review of all existing risks would continue to be undertaken while new risks when arises shall continue to be identified. The RMC furnishes periodical reports to the Audit Committee on exercises undertaken by the RMU in monitoring and identifying risks within the Group.

The Board fully supports the contents of the Standard Operating Procedures and has extended the responsibilities of the Audit Committee to include the work of monitoring internal controls on its behalf, which includes identifying risk areas faced by the Group to be communicated to the Board of Directors.

INTERNAL AUDIT DIVISION

The Group is in the process of implementing an independent audit function. However, during the financial year under review, the Group has conducted internal audit on an ad hoc basis on the Group's internal control system and certain identified process weaknesses with the objective of safeguarding the Group's assets and to prevent potential losses arising from these weaknesses. This was carried out using the Group's internal resources.

STATEMENT ON INTERNAL CONTROL

(cont'd)

OTHER RISK AND CONTROL PROCESS

Apart from the Risk Management Committee, Audit Committee and the Internal Audit function, the Board has the following control processes in place:

The full Board meets on a quarterly basis to discuss matters brought to its attention, thus ensuring effective supervision over the operations of the Group are maintained. In addition, the Board is kept updated on the Group's activities and its operations on a regular basis;

An organizational structure with defined lines of responsibility and delegation of authority is in place. A process of hierarchical reporting has been established which provides for a documented and auditable trail of accountability;

Regular review of the risk management process by the Board, which includes on its agenda matters relating to significant risks that may impede business objectives;

Formal quarterly reviews by the Board on the adequacy and integrity of the system of internal control will be conducted with the assistance of the Audit Committee.

There were no material losses incurred during the financial year as a result of weakness in internal control. The Board, together with Management, continues to take measures to strengthen the control environment.

OTHER STATUTORY INFORMATION

Before the financial statements of the Group and of the Company were made out, the directors took reasonable steps to ascertain that :

- i) all known bad debts have been written off and adequate allowance made for doubtful debts, and
- ii) all current assets have been stated at the lower of cost and net realisable value.

At the date of this report, the directors are not aware of any circumstances :

- i) that would render the amount written off for bad debts or the amount of the allowance for doubtful debts in the Group and in the Company inadequate to any substantial extent, or
- ii) that would render the value attributed to the current assets in the financial statements of the Group and of the Company misleading, or
- iii) that would render any amount stated in the financial statements of the Group and of the Company misleading, other than those already dealt with in this report and in the relevant financial statements, or
- iv) which have arisen which render adherence to the existing methods of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.

At the date of this report, there does not exist :

- i) any charge on the assets of the Group and of the Company that has arisen since the end of the financial year which secures the liabilities of any other person, or
- ii) any contingent liability in respect of the Group and of the Company that has arisen since the end of the financial year.

No contingent liability or other liability of the Group and of the Company has become enforceable, or is likely to become enforceable, within the period of twelve months after the end of the financial year which, in the opinion of the directors, will or may substantially affect the ability of the Group and of the Company to meet their obligations as and when they fall due.

Principal Activities

The principal activity of the Company is that of investment holding.

The principal activities of the subsidiaries are disclosed in Note 5 to the financial statements.

There have been no significant changes in the nature of these activities during the financial year.

2. SIGNIFICANT ACCOUNTING POLICIES

The following accounting policies adopted by the Group and by the Company are consistent with those adopted in the previous financial years unless otherwise indicated below.

2.1 Basis of Preparation

The financial statements of the Group and of the Company are prepared under the historical cost convention unless otherwise indicated in the accounting policies below and comply with the provisions of the Companies Act, 1965 and applicable approved accounting standards in Malaysia.

At the beginning of the current financial year, the Group and the Company had adopted new/revised Financial Reporting Standards (FRSs) which are mandatory for financial periods beginning on or after 1 January 2006 as fully described in Note 2.21.

2.2 Basis of Consolidation

The financial statements of the Group include the audited financial statements of the Company and all its subsidiaries made up to the end of the financial year. Subsidiaries are those companies in which the Group has a long term equity interest and where it has power to exercise control over the financial and operating activities so as to obtain benefits therefrom. Subsidiaries are consolidated using the acquisition method of accounting.

Under the acquisition method of accounting, the results of the subsidiaries acquired or disposed of are included from the date of acquisition and up to the date of disposal. At the date of acquisition, the fair values of the subsidiaries' net assets are determined and these values are reflected in the consolidated financial statements.

The difference between the cost of acquisition and the fair value of the Group's share of the net assets of the acquired subsidiary at the date of acquisition is written off immediately in the income statement as goodwill or negative goodwill arising on consolidation.

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.2 Basis of Consolidation (cont'd)

Inter-company balances, transactions and resulting unrealised gains are eliminated on consolidation and the consolidated financial statements reflect external transactions only. Unrealised losses are eliminated on consolidation unless costs cannot be recovered. Where necessary, adjustments are made to the financial statements of the subsidiaries to ensure consistency of accounting policies with those of the Group.

Minority interest is measured at the minorities' share of the acquisition fair values of the identifiable assets and liabilities of the acquiree company. Separate disclosure is made of minority interest.

2.3 Property, Plant and Equipment

Property, plant and equipment are stated at cost less accumulated depreciation and any accumulated impairment losses.

Surpluses arising on revaluation are credited to asset revaluation reserve. Any deficit arising from revaluation is charged against the asset revaluation reserve to the extent of a previous surplus held in the asset revaluation reserve for the same asset. In all other cases, a decrease in carrying amount is charged to the income statement.

The policy for the recognition and measurement of impairment losses is in accordance with the accounting policy as set out in Note 2.13.

Property, plant and equipment are depreciated on the straight line method to write off the cost of each asset to its residual value over the estimated useful life, at the following annual rates :

Freehold shoplot	2%
Buildings	2%
Long leasehold commercial lot	Amortised over the lease period of 99 years
Machinery and factory equipment	10%
Renovation	2%
Furniture, fittings and office equipment	10% - 20%
Motor vehicles	20%

The residual value, useful life and depreciation method are reviewed at each balance sheet date to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

Upon the disposal of an item of property, plant and equipment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the income statement and the attributable portion of the revaluation surplus is taken directly to retained profits.

In prior years, the leasehold interest in land held for own use was classified as leasehold land in property, plant and equipment and was stated at cost less accumulated amortisation. With the adoption of FRS 117, such land is now accounted for as being held under an operating lease. Such leasehold land no longer be subject to any revaluation.

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.4 Hire Purchase

Property, plant and equipment financed under hire purchase are capitalised in the financial statements and are depreciated in accordance with the accounting policy as set out in Note 2.3. Outstanding obligations due under hire purchase after deducting finance costs are included as liabilities in the financial statements. The finance costs are charged to the income statement over the period of the respective agreements using the straight line method.

2.5 Operating Leases

Operating lease payments are recognised as an expense on a straight-line basis over the term of the relevant lease. The aggregate benefit of incentives provided by the lessor is recognised as a reduction of rental expenses over the lease term on a straight-line basis.

In the case of a lease of land and buildings, the minimum lease payments or the up-front payments made are allocated, whenever necessary, between the land and the buildings elements in proportion to the relative fair values for leasehold interests in the land elements and buildings elements of the lease at the inception of the lease. The upfront payment represents prepaid lease payments and are amortised on a straight-line basis over the lease term.

Prepaid lease payments on leasehold land are amortised on a straight line basis over the lease term of the land of 48 years and 92 years.

2.6 Investments

Subsidiaries

Subsidiaries are those companies in which the Group has a long term equity interest and where it has power to exercise control over the financial and operating activities so as to obtain benefits therefrom.

Investment in subsidiaries which is eliminated on consolidation is stated at cost less accumulated impairment losses in the Company's separate financial statements.

The policy for the recognition and measurement of impairment losses is in accordance with the accounting policy as set out in Note 2.13.

Upon the disposal of investment in a subsidiary, the difference between the net disposal proceeds and the carrying amount is charged or credited to the income statement.

Associates

Associates are defined as companies in which the Group holds a long term equity interest of between 20% to 50% and is in a position to exercise significant influence over the management of the associates through board representation.

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.6 Investments (cont'd)

Associates (cont'd)

Investment in associates is accounted for in the consolidated financial statements by the equity method of accounting based on audited or management financial statements of the associates. Under the equity method of accounting, the Group's share of profits/losses of the associates during the year is included in the consolidated income statement. The Group's interest in associates is carried in the consolidated balance sheet at cost plus the Group's share of post-acquisition retained profits or accumulated losses and other reserves as well as goodwill on acquisition. After application of the equity method, the Group determines whether it is necessary to recognise any additional impairment loss with respect to the Group's net investment in the associates.

Unrealised profits arising on transactions between the Group and its associates which are included in the carrying amount of the related assets and liabilities are eliminated to the extent of the Group's interests in the associates. Unrealised losses on such transactions are also eliminated unless cost cannot be recovered.

The equity method of accounting is discontinued when the Group's share of losses of the associates exceeds the carrying amount of investment, unless the Group has incurred obligations or guaranteed obligations in respect of the associates.

In the Company's separate financial statements, investment in associates is stated at cost less accumulated impairment losses.

The policy for the recognition and measurement of impairment losses is in accordance with the accounting policy as set out in Note 2.13.

Upon the disposal of investment in an associate, the difference between the net disposal proceeds and the carrying amount is charged or credited to the income statement.

2.7 Intangible Assets

Intangible assets are measured initially at cost. Subsequent to initial recognition, intangible assets with definite life are stated at cost less accumulated amortisation and impairment losses while intangible assets with indefinite life are stated at cost less impairment losses.

The policy for the recognition and measurement of impairment losses is in accordance with the accounting policy as set out in Note 2.13.

The intangible assets with indefinite useful lives are not amortised but tested for impairment annually or more frequently if the events or changes in circumstances indicate that the carrying value may be impaired either individually or at the cash-generating unit level. The useful life of an intangible asset with an indefinite life is also reviewed annually to determine whether the useful life assessment continues to be supportable.

In prior years, trade mark of a subsidiary is stated at cost and amortised over a period of 10 years. With the adoption of FRS 138, the trade mark with indefinite useful life is not amortised but tested for impairment annually or more frequently.

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.8 Inventories

Inventories are stated at the lower of cost and net realisable value.

Cost is determined on the weighted average basis.

Cost of work-in-progress and finished goods includes materials, direct labour and attributable production overheads.

Net realisable value represents the estimated selling price less all estimated costs to completion and estimated costs to be incurred in marketing, selling and distribution.

2.9 Receivables

Receivables are stated at their anticipated realisable values.

Known bad debts are written off and specific allowance is made for any debts considered to be doubtful of collection.

2.10 Non-current Assets Held for Sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset is available for immediate sale in its present condition subject only to terms that are usual and customary.

Immediately before classification as held for sale, the measurement of the non-current assets is brought up-to-date in accordance with applicable FRSs. Then, on initial classification as held for sale, non-current assets are measured at the lower of carrying amount and fair value less costs to sell.

2.11 Payables

Payables are stated at cost which is the fair value of the consideration to be paid in future for goods and services received.

2.12 Provisions

Provisions are recognised when the Group has a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount can be made. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. Where the effect of the time value of money is material, the amount of a provision is the present value of the expenditure expected to be required to settle the obligation.

2.13 Impairment of Assets

At each balance sheet date, the Group reviews the carrying amounts of its property, plant and equipment, investments in subsidiaries and an associate, and intangible assets to determine whether there is any indication of impairment. If any such indication exists, impairment is measured by comparing the carrying values of the assets with their recoverable amounts. Recoverable amount is the higher of net selling price and value in use, which is measured by reference to discounted future cash flows.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

31 JULY 2007

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.13 Impairment of Assets

An impairment loss is recognised as an expense in the income statement immediately, unless the asset is carried at a revalued amount. Any impairment loss of a revalued asset is treated as a revaluation decrease to the extent of any unutilised previously recognised revaluation surplus for the same asset. Reversal of impairment losses recognised in prior years is recorded when the impairment losses recognised for the asset no longer exist or have decreased.

2.14 Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction, production or preparation of assets until they are ready for their intended use or sale are capitalised as part of the cost of those assets. Other borrowing costs are recognised as expenses in the period in which they are incurred.

2.15 Revenue Recognition

Revenue from sale of goods is recognised in the income statement when the significant risks and rewards of ownership have been transferred to the buyer.

Revenue arising from the provision of services is recognised on the dates the services are rendered and completed.

Dividend income is recognised in the income statement when the right to receive payment is established.

2.16 Employee Benefits

Short term benefits

Wages, salaries, bonuses and social security contributions are recognised as an expense in the year in which the associated services are rendered by employees of the Group. Short term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increase their entitlement to future compensated absences, and short term non-accumulating compensated absences such as sick leave are recognised when the absences occur.

Defined contribution plans

As required by law, companies in Malaysia make contributions to the state pension scheme, the Employees Provident Fund ("EPF"). Such contributions are recognised as an expense in the income statement as incurred.

2.17 Foreign Currency Translations

Transactions in foreign currencies are translated into Ringgit Malaysia at the rates of exchange ruling on the transaction dates. At each balance sheet date, foreign currency monetary items are translated into Ringgit Malaysia at the rates of exchange ruling on that date. All exchange gains or losses on exchange are included in the income statement.

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.17 Foreign Currency Translations

The closing rates of exchange of the foreign currencies used in the preparation of the financial statements are as follows :

	2007 RM	2006 RM
1 Chinese Renminbi	-	0.4582
1 Hong Kong Dollar	0.4457	0.4700
1 Singapore Dollar	2.2410	2.3160
1 Sterling Pound	7.0000	6.8163
1 US Dollar	3.5273	3.6535

2.18 Income Tax

Income tax on the profit or loss for the year comprises current and deferred tax. Current tax is the expected amount of income taxes payable in respect of the taxable profit for the year and is measured using the tax rates that have been enacted at the balance sheet date.

Deferred tax is provided for, using the liability method, on temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts in the financial statements. In principle, deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised.

Deferred tax is measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted at the balance sheet date. Deferred tax is recognised in the income statement, except when it arises from a transaction which is recognised directly in equity, in which case the deferred tax is also recognised directly in equity, or when it arises from a business combination that is an acquisition, in which case the deferred tax is included in the resulting goodwill or the amount of any excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the cost of the combination.

2.19 Cash and Cash Equivalents

Cash comprises cash in hand, cash at bank and demand deposits. Cash equivalents are short term and highly liquid investments that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value, against which bank overdraft balances, if any, are deducted.

2.20 Financial Instruments

Financial instruments are recognised in the balance sheet when the Company has become a party to the contractual provisions of the instrument.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

31 JULY 2007

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.20 Financial Instruments (cont'd)

Financial instruments are classified as liabilities or equity in accordance with the substance of the contractual arrangement. Interest, dividends, gains and losses relating to a financial instrument classified as a liability, are reported as expense or income. Distributions to holders of the financial instruments classified as equity are charged directly to equity. Financial instruments are offset when the Company has a legally enforceable right to offset and intends to settle either on a net basis or to realise the asset and settle the liability simultaneously.

The particular recognition methods adopted are disclosed in the individual accounting policy associated with each item.

2.21 Changes in Accounting Policies and Effects Arising from Adoption of New and Revised FRSs

On 1 August 2006, the Group and the Company adopted the following FRSs mandatory for financial periods beginning on or after 1 January 2006 :

FRS 1	First-time Adoption of Financial Reporting Standards
FRS 2	Share-based Payment
FRS 3	Business Combinations
FRS 5	Non-current Assets Held for Sale and Discontinued Operations
FRS 101	Presentation of Financial Statements
FRS 102	Inventories
FRS 108	Accounting Policies, Changes in Accounting Estimates and Errors
FRS 110	Events After the Balance Sheet Date
FRS 116	Property, Plant and Equipment
FRS 121	The Effects of Changes in Foreign Exchange Rates
FRS 127	Consolidated and Separate Financial Statements
FRS 128	Investments in Associates
FRS 131	Interests in Joint Ventures
FRS 132	Financial Instruments : Disclosure and Presentation
FRS 133	Earnings Per Share
FRS 136	Impairment of Assets
FRS 138	Intangible Assets
FRS 140	Investment Property

The Group and the Company have early adopted FRS 117 : Leases which is effective for accounting periods beginning on or after 1 October 2006.

The adoption of the above FRSs did not give rise to any adjustment to the opening balances of retained profits of the prior and current year or to changes in the comparative figures other than as follows :

FRS 101 : Presentation of Financial Statements

Prior to 1 August 2006, minority interests at the balance sheet date were presented in the consolidated balance sheet separately from equity and liabilities. Upon the adoption of the revised FRS 101, minority interests are presented within total equity. In the consolidated income statement, minority interests are presented as an allocation of the total profit or loss for the year. A similar requirement is also applicable to the statement of changes in equity, total recognised income and expense for the year, showing separately the amounts attributable to equity holders of the Company and to minority interests.

5. INVESTMENT IN SUBSIDIARIES (cont'd)

2007

On 26 September 2006, the Company subscribed an additional 200,000 ordinary shares of RM1 each at par for cash in Twin Access Sdn. Bhd..

On 16 April 2007, the Group through Evatech Sdn. Bhd. subscribed an additional 499,998 ordinary shares of RM1 each at par for cash in Quangcin Sdn. Bhd..

The above share subscriptions did not create any change in the effective equity interest of the Group and of the Company in both subsidiaries.

2006

On 28 November 2005, the Company acquired a 100% equity interest in Cosmotion Sdn. Bhd. (formerly known as Syabas Lagenda Sdn. Bhd.) for a total cash consideration of RM2.

The above acquisition did not have a material effect on the Group financial results for the year ended 31 July 2006.

The effect of the above acquisition on the financial position of the Group as at 31 July 2006 is as follows :

7. INTANGIBLE ASSETS (cont'd)

For annual impairment testing purposes, the recoverable amounts of the cash-generating units, i.e. the trading segments of the trade mark, are determined based on their value-in use, which apply a discounted cash flow model using cash flow projections based on financial budget and projections approved by management.

The key assumptions on which the management has based on for the computation of value-in-use are as follows :

(i) Cash flow projections and growth rate

The five-year cash flow projections are based on the most recent budget approved by the management and extrapolated using a steady growth rate for the subsequent years.

(ii) Discount rate

The discount rate of 6.75% is applied to the cash flow projections.

NOTES TO THE FINANCIAL STATEMENTS (cont'd)

31 JULY 2007

30. FINANCIAL INSTRUMENTS

Financial risk management objectives and policies

The Group's financial risk management policy seeks to ensure that adequate resources are available for the development of the Group's business whilst managing its credit, interest rate, foreign currency and liquidity risks. The Group operates within clearly defined guidelines that are approved by the Board and the Group's policy is not to engage in speculative transactions.

Credit risk

Credit risk, or the risk of counterparties defaulting, is controlled by the application of credit approvals, limits and monitoring procedures. Credit risks are minimised and monitored via strictly limiting the Group's associates to business partners with high creditworthiness. Trade receivables are monitored on an ongoing basis via the Group's management reporting procedures.

The Group does not have any significant exposure to any individual customer or counterparty nor does it have any major concentration of credit risk related to any financial instrument.

Interest rate risk

The Group manages its interest rate exposure by maintaining a prudent mix of fixed and floating rate borrowings. The Group actively reviews its debt portfolio, taking into account the investment holding period and nature of its assets. This strategy allows it to capitalise on cheaper funding and achieve a certain level of protection against interest rate hikes.

Foreign currency risk

The Group incurs foreign currency risk on sales and purchases that are denominated in currencies other than Ringgit Malaysia. The currencies giving rise to this are primarily Sterling Pound and US Dollar.

The Group does not hedge its foreign currency risk as the exposure is minimal.

Liquidity risk

The Group actively manages its debt maturity profile, operating cash flows and availability of funding so as to ensure that all refinancing, repayment and funding needs are met. As part of its overall prudent liquidity management, the Group maintains sufficient levels of cash and cash equivalents to meet its working capital requirements.

Fair values

The carrying amounts of the financial assets and financial liabilities of the Group and of the Company as at balance sheet date approximate their fair values.

Yeoh Yeow Cheang

Before me,

Govindasamy A/L G. Muttusamy, PJM
Commissioner for Oaths
(P047)

REPORT OF THE AUDITORS TO THE MEMBERS OF G.A. BLUE INTERNATIONAL BHD.

We have audited the financial statements set out on pages 25 to 63. The preparation of these financial statements is the responsibility of the Company's directors.

It is our responsibility to form an independent opinion, based on our audit, on the financial statements and to report our opinion to you, as a body, in accordance with Section 174 of the Companies Act, 1965 and for no other purpose. We do not assume responsibility to any other person for the content of this report.

We conducted our audit in accordance with approved Standards on Auditing in Malaysia. Those standards require that we plan and perform the audit to obtain all the information and explanations which we consider necessary to provide us with evidence to give reasonable assurance that the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence relevant to the amounts and disclosures in the financial statements. An audit also includes an assessment of the accounting principles used and significant estimates made by directors as well as evaluating the overall adequacy of the presentation of information in the financial statements. We believe our audit provides a reasonable basis for our opinion.

In our opinion :

- (a) the financial statements are properly drawn up in accordance with the provisions of the Companies Act, 1965 and applicable approved accounting standards in Malaysia so as to give a true and fair view of :
 - (i) the matters required by Section 169 of the Companies Act, 1965 to be dealt with in the financial statements; and
 - (ii) the state of affairs of the Group and of the Company at **31 July 2007** and of the results of the operations and cash flows of the Group and of the Company for the year ended on that date; and
- (b) the accounting and other records and the registers required by the Companies Act, 1965 to be kept by the Company and by the subsidiaries of which we have acted as auditors have been properly kept in accordance with the provisions of the Act.

We have considered the financial statements and auditors' report thereon of the subsidiary of which we have not acted as auditors, as indicated in Note 5 to the financial statements, being financial statements that have been included in the consolidated financial statements.

We are satisfied that the financial statements of the subsidiaries that have been consolidated with the Company's financial statements are in form and content appropriate and proper for the purposes of the preparation of the consolidated financial statements and we have received satisfactory information and explanations required by us for those purposes.

The auditors' reports on the financial statements of the subsidiaries were not subject to any qualification and did not include any adverse comment made under subsection (3) of Section 174 of the Act.

Date : 28 December 2007

Notes :

1. A proxy may but need not be a member of the Company and the proxy need not be an advocate or an approved company auditor or a person approved by the Companies Commission of Malaysia and the provisions of Section 149(1)(b) of the Companies Act, 1965 shall not apply to the Company.
2. The proxy form must be duly completed and deposited at the Registered Office of the Company, 51-8-B Menara BHL Bank, Jalan Sultan Ahmad Shah, 10050 Penang not less than forty-eight (48) hours before the time for holding the meeting.
3. A member shall be entitled to appoint up to two (2) proxies to attend and vote at the same meeting.
4. Where a member appoints two (2) proxies, the appointments shall be invalid unless he specifies the proportions of his holdings to be represented by each proxy.
5. If the appointor is a corporation, this form must be executed under its Common Seal or under the hand of its attorney.

Explanatory Notes on Special Business :

The ordinary resolution proposed under item 6, if passed, will give the Directors of the Company authority to issue shares in the Company up to an amount not exceeding 10% of the total issued capital of the Company for the time being for such purposes as the Directors consider would be in the best interest of the Company. This would avoid any delay and costs in convening a general meeting to specifically approve such an issue of shares. This authority, unless revoked or varied by the shareholders of the Company in general meeting, will expire at the conclusion of the next Annual General Meeting.

The proposed Special Resolution 1, if passed, will amend the Articles of Association of the Company to be in compliance with the recent amendments to Chapter 7 of the Listing Requirements of Bursa Malaysia Securities Berhad.

The proposed Special Resolution 2, the change of name of the Company from **G. A. BLUE INTERNATIONAL BHD.** to **SEQUOIA HOLDINGS BERHAD** will portray a dynamic outlook that better reflects the operational diversity of the Company and its subsidiary companies.

The Companies Commission of Malaysia ("SSM") had approved G. A. Blue International Bhd's application for the use of the name **SEQUOIA HOLDINGS BERHAD** on 30 July 2007. The proposed change of name, if approved by the shareholders, will take effect from the date of issuance of Certificate of Change of Name by SSM.
